ZEROZZANTE
ALKOHOLFREI

Cuvée N°2

Red Grapes

- Sparkling · Harvest 2026 -

ZEROZZANTE

A story of nature, of fine bubbles, of festive moments and of craftsmanship. In our family business, now in its second generation, we create delicately fruity sparkling juices that are never heated, with a fine perlage and a taste all their own. Choosing alcohol-free should never mean compromising. Over-sweetened soft drinks were not an option for us 35 years ago, and they are not today. That is how long our sparkling juices have been part of our story.

TRUE CRAFTSMANSHIP

Our love of nature and of everything it gives us day by day, and our passion for creating something special with our own hands: this is what inspires us, time and again, to capture that feeling in its purest form in the glass. The result is a refreshing, alcohol-free sparkling juice.

COLD PRESSED

Unlike common practice in the beverage industry, we never heat our juices to preserve them. They stay natural and keep their precious aromas. To make this cold-sterile bottling possible, we use only healthy, fully ripe fruit. Refined by hand in the traditional way and given a fine sparkle.

TRUE TASTE

True taste from real fruit. 100% grape. The bouquet shows aromas of fresh red grapes, with hints of wild strawberry and a touch of vanilla tea. On the palate, Cuvée N° 2 shows a pleasant sweetness, balanced by moderate acidity and lively bubbles. The long finish recalls freshly pressed grape must.

Cuvée N°2

Cuvée of red grapes
(Dornfelder)

Z ALCOHOL

Zero · alcohol-free (juice)

SERVING

at 6-8 °C | sparkling wine glass

STORAGE

Store cool and dark

FOOD PAIRING

Our alcohol-free Zerozzante sparkling juices shine as an aperitif, with food or simply on their own. Cuvée N° 2 pairs with heartier dishes such as game and with blue cheeses like Gorgonzola, but also with sweeter berry or chocolate desserts.
